

### **List of Facebook Groups to advertise your dayhome:**

The following Facebook Groups are a great (and free!) way to advertise your dayhome when you have spaces open. Log into Facebook. In the search bar (top left), type one of the groups in the list below and select it. Only join groups for your area or Edmonton (all areas). Most of the groups are "Closed" which means you need to click on "Join Group" and wait to be added by a member of the page admin. Once you are approved, you can advertise spaces for your dayhome or reply to posts from families looking for child care. Please be sure to read the group's rules prior to posting.
